BEARS FOUGHT HARD

But Wall Street Was Feeling Better and Prices on the Rise.

Cleveland's Letter Worth a Pile of Money to the Bulls-Indianapolis Wagon Wheat at 60 Cents.

At New York, yesterday, money on call was easy at 2@21/2 per cent., the last loan being at 21/2, closing offered at 21/2.

Prime mercantile paper, 71/2@12 per cent. Sterling exchange closed rather heavy, with actual business in bankers' bills at \$4.87@4.87% for demand and at \$4.85% for sixty days. Posted rates, \$4.86@4.88; commercial bills, \$4.84@4.84%.

Silver certificates, 731/2@741/4c. Sales silver certificates, 35,000. Bar silver closed at 74c per ounce; Mexican dollars at 58%c. At London bar silver closed at 34%d.

The total sales of stocks was 192,800 shares. The patent influence of the silver question on speculation was demonstrated very forcibly on the Stock Exchange yesterday, when, on advices from Washington, construed by the street as favorable to the passage of the repeal bill, a purchasing movement was inaugurated which sent up the general list with few unimportant exceptions. The market in London for American securities also showed an improvement, due to the publication of President Cleveland's letter to Governor Northen, which made it clear that the administration would not agree on any compromise measure and from which the conclusion was drawn that the repeal bill would become a law as it stands. The strength of the market abroad naturally helped the home market and assistance was also lent by buying orders from London. Another facts of the conclusion of the silver of the patent influence of the silver gyle, 6c; Boott C, 5c; Buck's Head, 6½c; Arcide Clifton CCC, 5½c; Constitution, 40-inch, 7½c; Carlisle, 40-inch, 7c; Dwight Star, 7½c; Great Falls E, 6c; Carlisle, 40-inch, 7c; Dwight Star, 7½c; Great Falls E, 6c; Great Falls E, 6c; Carlisle, 40-inch, 7c; Dwight Star, 7½c; Great Falls E, 6c; Great Falls E, 6c; Carlisle, 40-inch, 7c; Dwight Star, 7½c; Great Falls E, 6c; Great Falls E, 6c; Great Falls E, 6c; Carlisle, 40-inch, 7c; Dwight Star, 7½c; Great Falls E, 6c; Carlisle, 40-inch, 7c; Dwight Star, 7½c; Pepperell E, 5½c; Paperell E, 5½c; Pepperell E, 5½c; Paperell E, 5½c; Paperell E, 5½c; Paperell E, 5½c; Androscoggin, 10-4, 20½c. 7c; Great Falls E, 6c; Great Fall ket and assistance was also lent by buying orders from London. Another factor of the improved situation was the total absence of reports regarding gold shipments. The conditions were, therefore, quite favorable for a strong market, and, at the opening, there was a buoyant feeling which led to the recording of higher figures for nearly all the active stocks. It was not a good day for bears and the efforts to offer down the market was unavailing. But they fought hard, the changed sentiment of a majority of the operators having taken them by surprise. In the final dealings the market was buoyant and closed generally strong at an advance of 4@3% per cent. Delaware, Lackawanna & Western made

the greatest advance of the day, 3% per cent., on the presumption that its earning capacity would be increased by its proposed Western connections with the Tole-do, Ann Arbor & North Michigan. In ex-ception to the general strength, Wheeling & Lake Erie preferred declined 14; Lake Erie & Western preferred, 1%. The bond market was irregular and unsettled, though at times displaying much firmness. Among the issues which advanced were St. Paul and Northern Pacific firsts, 3; Richmond Terminal Trust fives, 2; Reading fours and Wabash firsts, 1 per cent. Government bonds were steady. State bonds were dull. Closing quotations

INDIANAPOLIS GRAIN AND PRODUCE. The Wholesale Market Fairly Active

and the Outlook Promising. The pleasant weather, with the premonition of a change soon to something cooler, is stimulating trade to an appreciable degree. The dry goods dealers report a good trade yesterday, not only in the way of mail orders, but by personal selection. The character of the purchases made indicate quite plainly that retailers' stocks have been allowed to run very low, and the bills made for staple goods are very liberal. The uncertainty as to what Congress may do in the way of tariff revision, however, has a depressing effect, and leads to extraordinary caution. All unite in the opinion that the establishment of absolute free trade would be less damaging than the present uncertainty. In groceries there was considerable activity. All staples are firm. The leather trade is picking up somewhat, but dealers say prices are so low as to leave little margin for profit. The demand for tinners' supplies is not up to the usual figure at this season. The only change in country produce is an advance of 2c in the price of eggs, which are scarce. The grain market grows duller every day. Wheat dropped heavily yesterday, and corn followed suit. Oats, however, are firm, with an advancing tendency. The closing

bids on 'Change, yesterday, were: Wheat-No. 2 red, 60c; No. 3 red, 55c; rejected, by sample, 40@50c; wagon, 60c. Corn-No. 1 white, 391/2c; No. 2 white, 391/2c; No. 3 white, 39c; No. 4 white, 30@25c; No. 2 white mixed, 39c; No. 3 white mixe, 381/2c; No. 4 white mixed, 30@35c; No. 2 yellow, 39c; No. 3 yellow, 38½c; No. 4 yellow, 30@35c; No. 2 mixed, 39c; No. 3 mixed, 38½c; No. 4 mixed, 30@35c; ear corn, 43@44c. Has Not Consulted Stewart. Cincinnati Commercial Gazette.

Up to the hour of going to press this morning, we have not heard that President Cleveland had consulted with Senator Stewart, of Nevada, as to just when and how he should hand in his resignation.

What They Mean.

When a Republican advocates the right of the majority to rule, he means any majority and every majority. When a Democrat advocates the right, he means a Democratic majority, and no other.

Did the Right Thing. Cincinnati Tribune.

Indianapolis did the right thing toward the G. A. R. and to herself. She raised \$120,000 to defray expenses and has, after all expenses are paid, something near onehalf of the fund on hand.

ALL GRAIN DECLINED

Wheat-Recovered Some Near the Close on Heavy Exports.

Chicago Cereals Not in Demand, and Provisions Maintained the General Dullness Common of Late.

CHICAGO, Sept. 28 .- Some stiffening was infused into wheat in the last few minutes of the session to-day by the chartering of vessels here for 235,000 bushels and the reported taking of seventeen boat loads at New York for export. But the average for the day was decidedly a weak one. The closing quotations show a decline of from 1/8c to 1/4c, compared with last night. Oats suffered 1/2c loss in the October future, but only 16c off for May. Provisions were no more active than of late. Some futures show moderate gains and others slight losses.

Wheat at the opening was about 4c lower than yesterday's closing, and prices further declined %c for December and about %c for May, recovered the decline, but again eased off, selling to inside prices, ruled strong and the closing was about 4c lower for December, and 1/3c lower for May than the closing figures of yesterday. The decline in the market was attributed to weak cables, liberal receipts in the Northwest and rather light clearances. Operators did not seem to feel like selling and there was nothing particular to encourage buying. However, around 69c for December there seemed to be enough demand to hold the market and prevent further decline.

Corn cables were 4d lower on futures, and continued local selling by tired longs, with little support from the supposed bull combination, created a weak market. Opening trades were at %c decline, and sold up 800n afterwards 1/8@1/4c, when the selling commenced which carried the prices back %@%c. Later the market rallied 4@%c, changed some, ruled steady, and closed with %@1/2c loss. The buying was confined to shorts and room traders.

Oats declined 1/20%c and closed with a net loss of 1/201/2c. There was no good buying except on the weak spots.

Provisions opened firm because of light hog receipts over the West. The estimate for Friday was much lighter at 10,000. After prices got a bulge there was selling in sympathy with the breaking grain markets. This carried products lower again. January pork alone had any considerable business. Compared with last night the closing prices were quite irregular. Pork for October is 5c higher and January is 21/2c lower. Lard is .15c lower for September, .15c higher for October and .05c higher for January. Ribs closed .121/2c off for September, .05c higher for October and .021/2c higher for January.

Offerings of vessel room were light and the demand fair at 214c for wheat and 2c for corn to Buffalo to load next week, and to load this week 21/2c was paid for wheat and 24c for corn. Estimated receipts for to-morrow are: Wheat, 145 cars; corn, 675 cars; oats, 280 cars; hogs, 18,000. The leading futures ranged as follows:

Options.	Op'ning	Highest.	Lowest.	Closing.
Wheat-Sept.	6618	6618	6534	661 ₈

SAVANNAH, Sept. 28.—Spirits of tur-pentine firm at 28%c. Rosin firm at 95c.

Dry Goods.

NEW YORK, Sept. 28.—The dry-goods market at New York is rather more quiet. Mail orders have fallen off a little. Local trade, which recently has shown some improvement, has also fallen off. However, there is a fair amount of business in progress still, with the outlook for subsiding, rather than increased activity. There is only a moderate amount of trade in cotton goods. Prices held steady for the staple and more fancy kinds, with the lowerpriced goods easing off a little in tone, if not actually lower. There is still a fair export demand for brown and colored cottons. Lace work and table and fancy damasks are slow. Printing cloths rule

Cotton. NEW ORLEANS, Sept. 28.—Cotton steady; middlings, 713-16c; low middlings, 79-16c; good ordinary, 73-16c. Net receipts, 5,550 bales; gross, 5,907 bales; exports to Great Britain, 7,005 bales; to the continent, 300 bales; sales, 3,000 bales; stocks, 67,659

Minneapolis Tribune. The real-estate mortgage debt in force in New York city on Jan. 1, 1830, according to the latest census bulletin, was \$859,684,530, This is nearly five times the mortgage debt on Kansas acres on the same date, and over \$350,000,000 more than the combined mortgage deuts on the acres of Kansas, Iowa, Illinois and Minnesota. Poor mortgage-ridden New York!

People who have been accustomed to think that the tariff, or the currency, or the government, or the Republican party. or Providence has plastered the farms of the West with mortgages at the behest of the "Eastern plutocracy," should examine the following figures: MORTGAGE DEBT IN FORCE JAN. 1. 1890. New York city......\$839,684,530

Brooklyn 235,014,813

Kansas, on acres...... 174,720,071 Iowa, on acres..... 149,457,144 Minnesota, on acres...... 75,355,562 The combined real-estate mortgage debt of New York and Brooklyn is \$1,074,699,343. The comibned mortgage debt on acres in Kansas, Illinois, Iowa and Minnesota is \$564,821,889—or about one-half that of New York and Brooklyn. If the tariff, the currency, the Republican party or Providence is the cause of mortgages and the latter are an unmixed evil, as alleged, why this monstrons discrimination against New York and Brooklyn lote in favor of Kansas, Iowa. Illinois and Minnesota acres? This should

be looked after. Why have Messrs. Weaver and Peffer overlooked the mortgage-ridden hayseeders of New York city? "Of course New York is heavily mortgaged, because it is a populous State," you may say, "but how about the per capita mortgage debt?" The mortgage debt per capita is greater in New York than in any of the other twenty States thus far tabu-

lated, as witness: MORTGAGE DEBT PER CAPITA.

 Alabama

A still more important query would be the proportion of the mortgage debt and the true value of the taxed property. In that New York again leads every State of the Union, even passing Kansas, as wit-

RATIO OF MORTGAGE TO TRUE VALUE. Per Cent. Alabama...... 10.96 Missouri...... 16.15 Arkansas...... 7.34 Nebraska 24.58 Colorado 14.75 New Hampshire. 11.68 Connecticut..... 20.14 New York 28.17 Illinois...... 14.06 Oregon....... 8.11 Indiana...... 9.79 Pennsylvania 18.91 lowa 17.61 Rhode Island 12.1 Kansas..... 28.13 Fennessee..... 8.67 Minnesota 18.83

It does not require much investigation to show that mortgages represent, not misfortune and loss, but speculation, investment and improvement. Where real estate investment and improvement are most abundant there mortgages most abound. Kansas located its mortgages in the State boom period; since that period. after drought and crop failure, the amount of mortgages has yearly declined, Mortgages abound and multiply more greatly on city property than on farm property because there is more speculation and investment in the city by reason of the trend of population from country to city. If the tariff has any effect whatever in the matter it is because it promotes manufactures and thereby encourages real estate specula-

Where the Blame Lies. Philadelphia North American.

A majority of the Senate, properly led. can always limit discussion, and every Senator knows it. If the Wilson bill fails to pass in that body the responsibility will be wholly with the Pemocratic majority. and the country is to be reminded of the fact, always and everywhere, until the incapacity and hollowness of Brummagen statesmanship shall be thoroughly apparent to all.

Not Merely for Exercise.

President Cleveland's appointment of Indiana men to Indian agencies in other States would seem to indicate that Senator Voorhees is not taking charge of the repeat forces in the upper house purely for the purpose of getting exercise.

Sounds Like a Funeral Knell, Boston Transcript (Ind.) The Democratic party in the United States Senate is in a deep cavity, with nobody among its members possessing skill

THE

INDIANAPOLIS JOURNAL

DAILY.

SUNDAY

AND

WEEKLY

The Journal's price for daily is only 15 cents a week, and it has a very wide circulation, reaching a large number of people hitherto unable to afford the luxury of a first-class daily paper. Reports from agents and subscribers indicate a continued increase, and that what used to be regarded as a luxury has become a necessity. The new readers not only remain, but they are constantly increasing.

It is the purpose of the Journal to make itself even more indispensable to its patrons, new and old, and to still further widen its field. To this end it will not only endeavor to maintain the characteristics which have established its reputation as by far the best newspaper in Indiana, but will add such new features and improvements from time to time as are in accord with journalistic progress and that may tend to the advantage of its readers. It will, for example, give increased attention to State and local interests. What Indianians want is a paper in which Indiana affairs given are especial prominence and importance. This want the Journal has always supplied as no other paper published outside or inside the State is able to do; but the rapidly developing industries and business and social enterpris of the community call for additional consideration and space, With this in view its corps of correspondents has been increased until ithas a representative in nearly every town in the State Special traveling correspondents will visit the news centers of the State at frequent intervals, thus insuring the "write up" of every important event or matter of general interest.

Being published in the geographical center of Indiana the Journal is afforded unusual facilities for securing news promptly, and, what is of greater consequence, is able to reach its subscribers without delay. The running of moraing trains from Indianapolis is very favorable to the early distribution of papers sent by mail or express, and in most towns within a radius of a hundred miles Journals are delivered as early as in the city where they are printed. In the more remote counties there is but little loss of time in trans-

portation. The Journal is the paper for Indianians and particularly for Indiana Republicans. The change of administration involves the settlement of political problems likely to be of the most direct personal concern to every farmer and business man in the State. All such matters will be set forth in detail, the Journal's Washington correspondent being instructed to give especial attention to every hing having

a possible bearing on Indiana interests. But though the Journal is Republican in politics it is non-partisan in the publication of news. Its constantendeavor is to secure facts unbiased by prejudice and to make its columns trustworthy records of each day's happenings. A large editorial force supplements the work of the press associations and the correspondents, and furnishes careful supervision for each department.

The Sunday Journal has a well-established literary character, superior to that of any Western paper. It is not defaced by "plate matter" nor filled with a heterogeneous mass of syndicate literature, but its contributions and miscellany are chosen with a view to their special fitness and adaptability to the tastes of the readers. The reading matter in any given number of the Sunday Journal is equal in quantity and is not inferior in quality to that found in the leading magazines. As an educational adjunct and a source of entertainment the Sunday Journal is indispensable in every well-regulated family.

The Weekly Journal, at \$1 per year, contains more reading matter than can be obtained for the money in any other shape. It is carefully edited and offer the news of the week in condensed shape and a variety of miscellany, agricultural and household literature that render it one of the best invest. ments that any family can make. Try it and see. It has a large circulation in this and other States and agents find it an easy matter to secure large lists of subscribers. Special inducements offered to agents.
